Setting the standard for hard-surface tools.

The Spinner® represents the best in ergonomic hard surface cleaning. The Spinner is designed to work on a wide variety of areas, including bathrooms, sidewalks, grouted tile, ceramic tile, rubber studded floors, and more. They feature rebuildable flange mounted carbide swivels, and a replaceable skirt brush. The handles are made of heavy duty stainless steel. All are rated for use with PSI as low as 500 and as high as 3000.

PERFORMANCE

The Spinner® blasts away dirt, scale, and oily build up. It operates over a wide pressure range, so it can be used on a wide variety of surfaces.

VERSATILITY

The Spinner® can be used to clean tile, grout, concrete, sidewalks, showers, rubber studded floors and much more.

EFFICIENCY

The Spinner® combines agitation, chemical application, and vacuum recovery into one step - saving you valuable time on the job.

- ① "T" STYLE HANDLE
- ② QUALITY CARBIDE SWIVEL
- ③ BUILT IN VACUUM RELIEF
- ④ REPLACEABLE SKIRT BRUSH

At Mytee, we stand behind our products with service and warranties. The 8904 Spinner® is backed by a lifetime limited factory warranty and nationwide service network.
